If you manufacture, sell or distribute merchandise that can be ordered by name, it can be sold *by telephone.*

The logical place to advertise that merchandise is the San Francisco Telephone Directory.

For further particulars, Telephone, Call or Write,—

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

San Francisco, 333 Grant Avenue----Telephone Garfield 12600
Oakland, 1521 Franklin Street----Telephone Oakland 12500

The Telephone Directory

Good telephone service depends vitally upon care in calling telephone numbers. A wrong number called causes loss of time to you, to the party called and to the operator. Every instance means avoidable inconvenience to all concerned.

It is not the loss of time to you alone or to the operator that concerns us most, but it is the annoyance to the party called. Your mistake cannot be explained to him, and the Telephone Company is held responsible for your error.

Consulting the current issue of the telephone directory, instead of trusting to memory; giving your number clearly, and quickly correcting the operator if she misunderstands your call, will greatly increase the efficiency of the service.

The Pacific Telephone And Telegraph Company
